Trips and Sports Events

At our school, we try to organise as many trips, visitors and sports events into our calendar as we can. We believe that supplementing learning in the classroom with additional experiences and challenges is a crucial part of the educational experience we offer. Children always speak positively about these events and they often lead to some of the best work and display in school. When I ask pupils what they like about school, trips and visitors often feature highly.

Recently we have had Manor Adventure, cricket tournaments, rounders, high school visits, farm trips and many more. I also know there are more events in the pipeline before the end of the year.

Organising these events takes time and planning by teachers and the school office. It is important that, in order for trips and events to happen, consent forms and monies are returned on time. In recent weeks, events have had to be cancelled because forms have not been returned. This is especially true of sports events. We think that representing your school for sport is an important aspect of school life and other children are disappointed if they then cannot attend.

To ensure that the maximum number of events can proceed, please return consent forms by the given date.

Crazy about Cricket

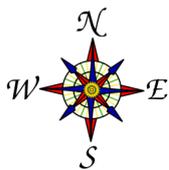

This term Fox class have been fortunate to have a qualified cricket coach for PE lessons. They have enjoyed every session with a balance of skills, tactics and teamwork being the emphasis of each lesson. The culmination of this training was a tournament held at Coleshill Memorial Cricket Club. The children had the opportunity to use their skills when competing against local schools. The children were successful in their matches but more importantly worked well as a team. Reports back from the year 4 and year 5 event have been overwhelmingly positive stating that children encouraged each other and showed respect towards other children in the competition. They have all made me very proud. Well done Fox Class!
